

Compost Bins

The Town of Gambo, in partnership with MMSB, will have compost bins available for sale at a price of \$25 each pending sufficient interest in the subsidized Compost Bin Program.

Organic waste makes up 30% of our total waste stream. Reducing the amount of organic waste that goes to the landfill will save our municipality money, time, and resources.

To place your name on the list for a compost bin, please contact Josh at the Walsh House at 674-4222 by Monday, January 26th, 2015.

Lorne Greene
Town Manager
